

A message from our Patron, Rosemary Conley CBE

"Steps is a registered charity which provides specialist nursery services and support to children with motor learning disabilities or delays. Steps also supports their families.

'I am honoured to be Patron of Steps and also to be one of its trustees.'

Steps is an incredibly worthwhile charity which offers huge benefits to the lives of the children it supports and their families. It is a very special place where children play and learn together and their parents receive strength and encouragement from each other. "The remarkable team working at Steps provides invaluable help and support to the children and families who attend and the progress achieved by the children is amazing. Because of my passion for this life-changing organisation, most of my charitable efforts are devoted to Steps. Each year the charity needs to raise £250,000 in order to provide this unique facility, free of charge.
